SUBJECT: ACCEPTING THE COLLEGE COMPLETION CHALLENGE

RECOMMENDATION: It is recommended that the Board of Trustees approve the attached Call to Action to accept the College Completion Challenge, joining national organizations and other higher education institutions in showing our commitment to student success.

RATIONALE: Increasing community college student completion has become a major national focus and a key priority for AACC and ACCT. Business leaders, policy makers, and leading foundations are emphasizing the importance of increasing the number of students who complete degrees, certificates, and other credentials with value in the workplace.

Accepting the College Completion Challenge  
A CALL TO ACTION

In recognition of the central role that Triton College has in meeting the educational and training needs in our community and, more broadly, in contributing to an educated U.S. citizenry and a competitive workforce, we pledge to do our part to increase the number of Americans with high quality postsecondary degrees and certifications to fulfill critical local, state, and national goals. With the “completion agenda” as a national imperative, Triton College has an obligation to meet the challenge while holding firmly to traditional values of access, opportunity, and quality.

We Believe
- We believe the student success and completion agenda is the future of Triton College.
- We believe that completion matters and that every student counts.
- We believe in every student’s potential and responsibility to succeed—and that an engaged student is more likely to persist in college.
- We believe the “open door” must not be a “revolving door,” and that Triton College must take responsibility for student success.
- We believe that community colleges are the gateways to the middle class and beyond for millions of Americans.
- We believe that community colleges are an invaluable economic engine driving the nation toward renewed and sustained economic prosperity.
- We believe the talented and committed people working “heart and soul” at Triton College are ready to take on leadership roles to increase student success and college completion.

We Commit
- We commit to a change in institutional culture, from emphasis on access only to emphasis on access and success.
- We commit to courageous conversations about diversity, equity, and evidence reflecting student success and institutional performance.
- We commit, while increasing success rates for all students, to eliminating the attainment gaps that separate student groups on the basis of race, ethnicity and family income.
- We commit to acting on facts to make positive changes in the interest of student success and college completion.
- We commit to promoting faculty and staff development focused on evidence-based educational practice.
- We commit to providing development opportunities, for college administrators, trustees, faculty, staff, and students to build and sustain leadership for student success.

We Ask
- We ask every trustee, administrator, faculty member, staff member, and student organization to examine current practices, to identify ways to help students understand the added value of degrees and certifications, and to help them progress toward their goals.
- We ask every student to help one another student succeed.
- We ask community members to support and work with us to help more students succeed.
• We ask elected officials to create the policy conditions that enable, support, and reward our work to strengthen student success.

• We ask other community colleges to join us by signing and sharing this commitment and call to action.

This signed Call to Action commits Triton College to promote the development and implementation of policies, practices, and institutional cultures that will produce 50% more students with high quality degrees and certificates by 2020. We call upon every sector and constituency of our college and community to join us in this work. Our democracy needs every one of us.

Mark R. Stephens  
Chairman, Board of Trustees

Patricia Granados  
College President
