

**Resolution of Support  
“American Graduation Initiative”  
By Mohave Community College**

**Whereas,**

Mohave Community College is the only on-ground higher education resource in Mohave County, Arizona, providing a convenient location for those unable to relocate to access a college education;

**Whereas,**

Mohave Community College strives to increase the academic achievement level of residents in the county, and to bring them up to par with state and national averages;

**Whereas,**

it is projected that the number of jobs which require at least an associate’s degree will grow twice as fast as those which require no higher education;

**Whereas,**

Mohave Community College has partnership agreements with more than a dozen universities to offer seamless transfer of credits to bachelor’s degree programs that can be completed online;

**Whereas,**

funds from this initiative could allow Mohave Community College to provide on-site childcare for Mohave County’s 7,516 single parents enabling them to continue their education, in line with President Obama’s expressed desire for parents to have a college education;

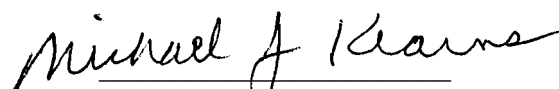

**Whereas,**

the initiative to modernize community college facilities would assist Mohave Community College in replacing 35-year-old “temporary” buildings that have long surpassed their anticipated lifespan;

**Therefore,**

be it resolved that the Administration of Mohave Community College formally endorses the American Graduation Initiative and commits to doing everything it can to achieve its enactment.

**Signed this day, the twelve of August two thousand and nine.**

  
Michael J. Kearns, President
