### AACC 2013–2016 Strategic Plan

**Building a Nation of Learners by Advancing America’s Community Colleges**

**Vision of AACC’s Future** – AACC will be a bold leader in creating a nation where all have access to the learning needed to participate productively in their communities and in the economy. Through AACC’s leadership, community colleges will increasingly be recognized as the gateway to the American dream – the learning resource needed to sustain America’s economic viability and productivity. (*Approved by the AACC Board of Directors August 4, 2006)*

| 1. **Facilitate the implementation** of the 21st-Century Initiative across the nation’s community, junior, and technical colleges.  
   - Provide advocacy (both legislative and communications), programming, and resources necessary to help colleges refocus the mission and redefine roles to meet 21st-century education and employment needs.*  
   - Deliver strategies, programming, and resources designed to actively help colleges increase certificates and degrees by 50% by 2020; and double the number of students who complete developmental education programs.*  
   - Support the development of policies and practices that promote rigor, transparency, and accountability for results in community colleges to improve outcomes nationwide.* | 1. Advocate from the membership’s perspective and with an awareness of their positions.  
2. Collaborate with philanthropy, government, and the private sector to drive investment in the nation’s community colleges. *  
3. Aggressively pursue critical resources for institutions and students from the federal government. *  
4. Support legislation and member-driven efforts to create new incentives for institutions of education and their students to make student success and completion a priority while preserving open access. *  
5. Advocate to minimize the costs of federal regulation on member institutions. |
| 2. **Deliver high-quality customer service** to ensure member satisfaction and retention. | |
| 3. **Be a visionary organization** that anticipates transformation in higher education, raises member understanding of the evolving landscape, and influences and leads change to benefit community colleges. | |
