Members of the Committee:

It is my great pleasure to write this letter of support for Dr. Rick Bateman and his inclusion in the 23019 slate of candidates for the AACC Board. I believe Dr. Bateman would be an excellent addition to the Board and would make significant contributions to the Board's work moving forward.

Dr. Bateman became the 6th Chancellor at Bossier Parish Community College (BPCC) in 2015. Rick also has significant administrative experience as interim director of Northeast Louisiana Technical College and as Vice Chancellor for Academic Affairs at SOWELA Technical Community College. His commitment to the Louisiana Community and Technical College System runs deep, and he is seen by his colleagues as an innovative and student centered college leader. Rick earned his Ph.D. in Community College Leadership at the University of Texas at Austin, his master's from Loyola University New Orleans, and a bachelor's from UCLA.

I've known Rick for nearly a decade, and have firsthand knowledge of his outstanding leadership at Bossier Parish Community College (BPCC). During his tenure there, BPCC has received a dozen national and international awards for strategic innovation. Rick's leadership is laser-focused on student success, and BPCC is a regional leader in developing effective business and industry partnerships. BPCC is the leader in transfer rates among community/technical colleges in the state, and the college has a productive relationship with Louisiana Tech University, which offers bachelor's master's and doctoral degrees on the BPCC campus. Dr. Bateman has also provided strong and visionary leadership for the BPCC Foundation, which has grown its assets from \$1.4m to nearly \$4.5m. In short, Rick is the kind of visionary, transformational leader that will bring a high level of energy and engagement to the AACC Board. I enthusiastically recommend him to you as an outstanding candidate for the slate for the coming year.

If I may provide further information or answer any questions, please don't hesitate to contact me.

Sincerely,

Luke P. Robins, Ph.D.
President
